Case Summary:
According to the World Bank press release of December 22, 2010, "The World Bank Group debarred C. Lotti and Associati Societa? di Ingegneria S.p.A. (Lotti) in the wake of the company?s acknowledged misconduct in a World Bank investigation relating to a Bank-financed public works project in the water sector in Indonesia. Under the negotiated resolution agreement, Lotti has committed to pay an estimated US$350,000 in restitution to Indonesia, where the World Bank-financed project was being implemented. This is the first time the World Bank included restitution payment in resolving an investigation into fraud in a Bank-financed project. The restitution amount of US$350,000 represents the unjustified payments received by Lotti as well as its partners as a result of fraudulent invoicing."
